Gorgeous, classic garments with braids and structures, easy and well explained instructions so anyone can knit the garments.

This book contains more than 40 great patterns by Trine Fløtre-Gansmoe, the holder of the popular Instagram account and knitting shop @floetre. She explains braid and structured knitting in such an easy-to-understand way that anyone can do it. The book takes you from very simple braids to more complex structures and contains garments for women and men, and for girls and boys up to 12 years of age. Here you will find sweaters, cardigans, short-sleeved tops and lots of lovely small items: hats, mittens, neckties, hoods, socks, slippers, scarves and a really cute dog sweater. You also get tips on how to adjust the size and model so that the clothes fit perfectly.
